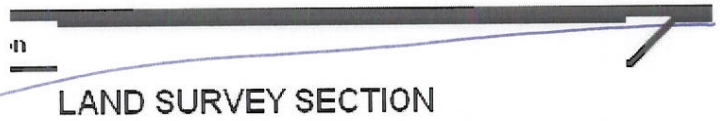
Agenda

1. Link "Section" button to appropriate action.



2. Fix this graphics error :

3. Add the title "Plat Index Search Results" to the plat index search results page.

4. Add the Date to the Search Results page.

5. Fix **Search Criteria:** Township= 1N Range= 2E Section= 02 RLS= Firm= % Platname=

6. Add "Show All Pages" in the Search Results page.

7. Make it so the header show during a scroll down. working on

8. Linked Records issue.. working.

9. Extended print functionally. (I am not sure what I mean here but I have some ideas that we can discuss in the next meeting) Low priority

10. Remove the "Order By" pull down on the main site and default the search to "Aliquot Part".

11. Add a "Search Again" button to the "Search Results" page.

12. Add DIN, Book and Page, Recording Number, and From Date / To Date to the query options on the main page.

Example Header

Plat Index Search Results

1-1-2009

Search Criteria: Township= 1N, Range= 1E, Section= 02, RILLS= ,Firm= , Plat name=

Completed Items

1. Sorting by TRS on hit list.

2. Being able to search by all TRS. This enables someone to just inserts someone name or date range and access all the given records.

3. Link our site to the Recorders site using new program code.

4. Cleaning up Firm/Agency Name in the pull down box and added admin form to add new company names.

5. Create link between original documents and related(corrections/amendment) documents)

8. Remove the web links on the left side on the Search Results page.

- Add Select "All" ~~radio~~ button to section ~~field~~ Area
  Clear "All" " " "
- ~~Format Records~~
- ~~Rec~~
