

# How it Works

❖ Each group, with a minimum of six members, chooses a convenient date each quarter to clean up an assigned section of the road. MCDOT will provide you with the signs, trash bags, safety information, hardhats, safety glasses and gloves, including a bright colored vest. You can leave the bags along the side of the road for MCDOT to pick up, or you can turn recyclables in for cash.

# Be Recognized

❖ By adopting a highway, you will gain recognition from thousands of potential customers driving by your sign every day. Your volunteer work will leave an everlasting, positive impression on the environment, community, and potential customers.

# A Highway?

From the first volunteer group in 1990, Maricopa County has launched a program where volunteers can “adopt” a two mile section of a roadway, and make a two-year commitment to pick up the trash at least four times a year.

# Why Adopt?

Maricopa County needs your help. Locally and nationwide, roadway debris causes 25,000 accidents each year. In addition to the safety issue, litter has a negative impact on the community as a whole. You have the power to help!
