

MARICOPA COUNTY

Department of Transportation

October 30, 2013

Mr. Ted Northrop, P.E.
Regional Vice President
Atwell-Group
4700 East Southern Avenue
Mesa, Arizona 85206

Mr. Northrup,

The Maricopa County DOT recently acquired a large number of digital files (to be exact, scanned recorded plats). It is our understanding that these files originated from Wiley & Associates and that company was acquired by your firm. The Maricopa County Recorder's Office has all these plats/surveys scanned but in some cases the digital copy we just received is a better than their record. In these situations we would like to provide the Recorder's Office with the better scan so that it can be posted and distributed it as requested.

In the event Atwell has ownership of these records we are requesting permission from your firm to use these files. If a plat is not readable the Recorder's Office must rescan the original, which takes time and effort. In the cases where these newly acquired digital files are better quality it would provide a great service to the surveying community, tax payers and citizens of Maricopa County to be able to use them.

In the event that Atwell has any ownership claim to these digital files would you allow Maricopa County to use, publish and distribute as necessary?

If you have questions or clarification please feel free to contact me.

A handwritten signature in blue ink, appearing to read "Brian Dalager".
