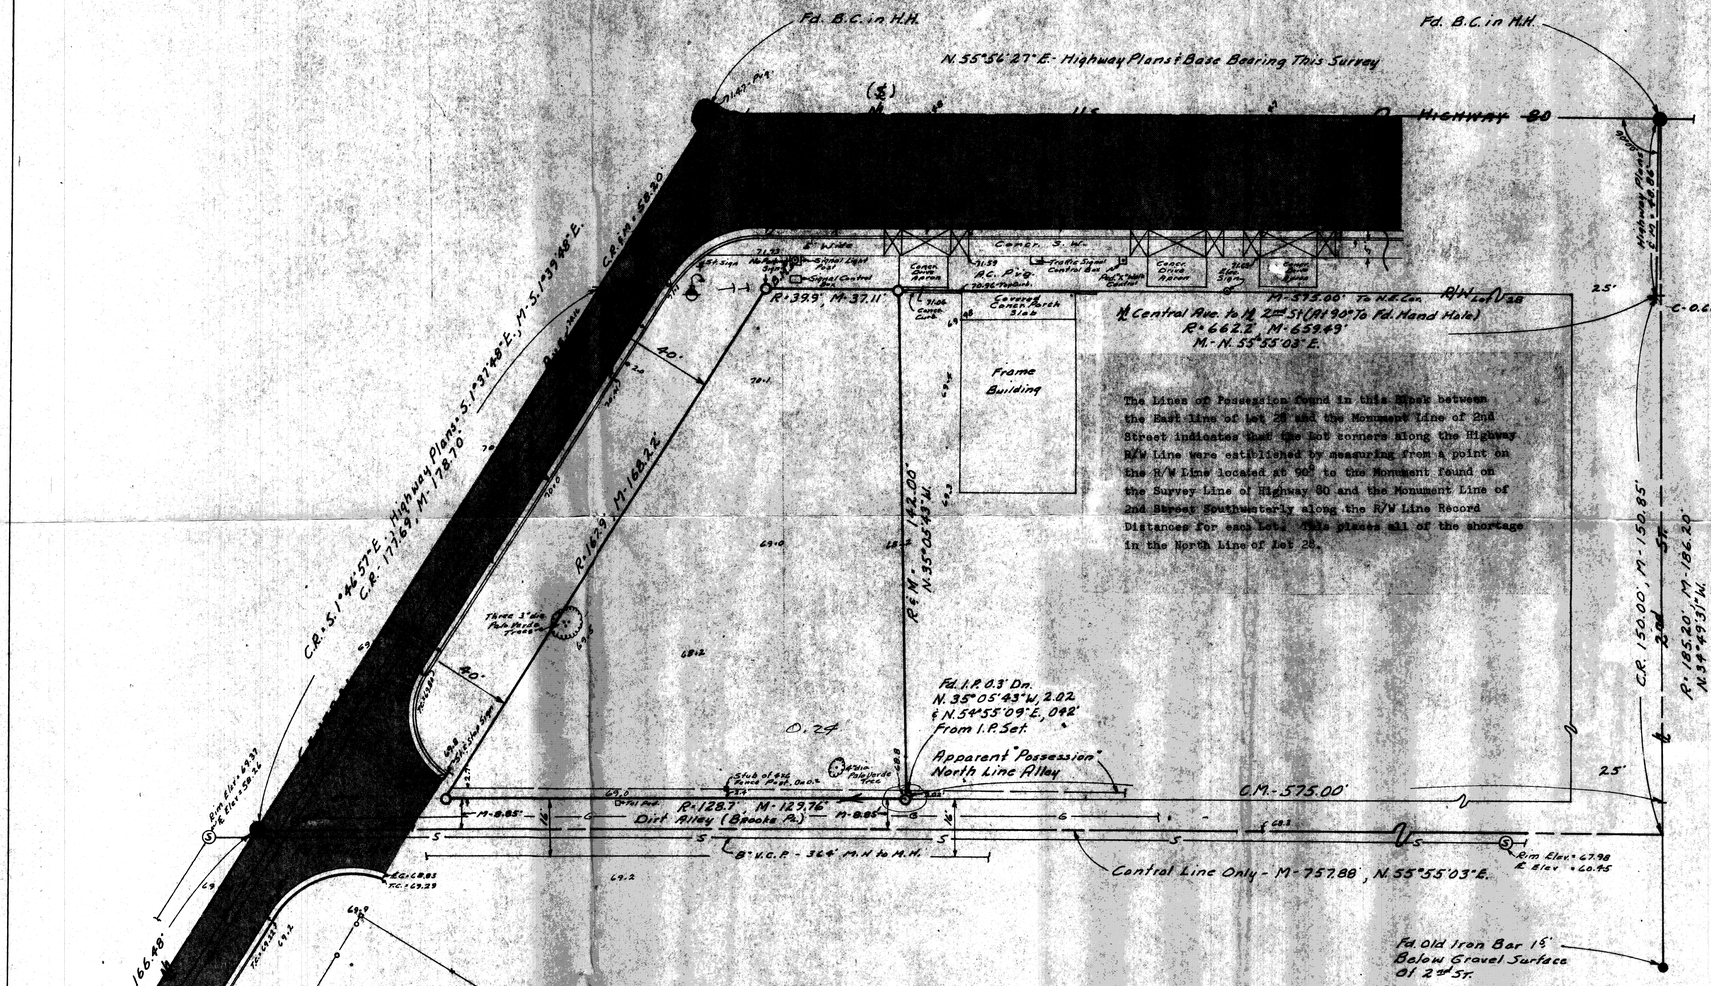
REPORT OF SURVEY AND SITE PLAN

OF

Lots 28 & 29 Brooke Tract
Subdivision as shown in Bk. of
Maps 27, Page 1, M.C.R.

FOR

THE CIRCLE K CORP
2810 W. CAMELBACK ROAD
PHOENIX, ARIZONA



The Lines of Possession found in this Block between the East line of Lot 28 and the Monument Line of 2nd Street indicates that the Lot corners along the Highway R/W Line were established by measuring from a point on the R/W Line located at 90° to the Monument found on the Survey Line of Highway 80 and the Monument Line of 2nd Street Southwesterly along the R/W Line Record Distances for each Lots. This places all of the shortage in the North Line of Lot 28.

NOTE:
Information from the City of Avondale indicates that an existing water line in the alley is not large enough and they will require service to come from the 6" A.C.P. shown in Central Ave.

BENCH MARK: Top footing bolt on S.W. Cor. footing of Signal Light Pole. ELEV: 972.23'
Datum is elevation of flow line gutter at the northeast end of the curb return on the southeast corner of Central Ave. and U.S. Highway 80 from Arizona State Highway Dept. Plans S-371-503, Sheet 9.

NOTE:
The "Line of Possession" for the north line of the alley shown was found to continue northeasterly through the alley and could give trouble in the future, since check calculations made on the Brooke Tract Subdivision indicate distance errors along 2nd St. from Harrison (Southern) St. northerly toward the Highway. It is recommended that structures and installations be set clear of this line.

Scale: 1" = 20'

LEGEND

- = Asphaltic Concrete Paving
- ● = Monument Found
- ● = Iron Pipe or Iron Bar Found
- ○ = 1/2" I.D. Iron Pipe Tagged L.S. 1681 Set This Survey
